I hear you and completely understand. Sigh...

Take your time.

Hi Neil,

Todd just called me to inform me that the administration has determined that Steve won't be covering fall 2023 courses. Thus, do we want to keep all of these courses on the schedule? Reassign them to Chris or pick up another adjunct for fall? I know there is also the capstone seminar, so not sure what you would want to do about that.

Thanks,

Dave
